

3 cutting edges technology

# Special for windows & doors frames

Hammer drill bit compatible SDS-plus

## Features

- Monobloc carbide tip with self-centering point.
- Tip angle 135°.
- 3 cutting edges.
- Half-round flute with short shaped length.
- Reinforced body / shank junction.
- Compatible SDS-plus shank.

## Benefits

- The monobloc 3 cutting edges tip is the solution for all concrete drilling.
- The self-centering tip permits more precision.
- The tip design guarantees a concentric hole.
- The reinforced body / shank junction permits at the drill bit to keep more elasticity on work.

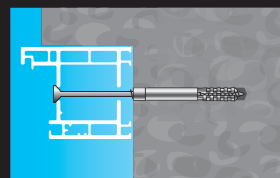

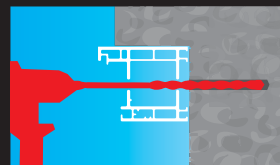

## Applications

- Doors and windows frames application.
