

## Single open end wrench - 117/4

### Description

- material: chrome vanadium
- drop forged, entirely hardened and tempered
- surface finish: phosphated to standard DIN 12476
- made according to standard DIN 894

### Usage

- In industry for working on machines, engines and other equipment.
- larger dimensions are useful in shipbuilding, the oil industry and other heavy industries where larger machines and equipment are used
- this wrench is especially suitable for work that requires higher torque and more leverage in difficult to reach areas
