

Variable joint "HYPO" pliers - 442/1HYPO

Description

- material: special tool steel
- working surfaces induction hardened
- surface finish: chrome plated to standard EN12540
- heavy duty double - component handles
- drop forged, entirely hardened and tempered
-

Advantages:

- The Hypo pliers are self-adjusting for which it is not necessary to preset the width of the jaws.
- one hand self adjusting operation
- The pliers adapt perfectly to the work piece.
- maximum jaw aperture up to Ø40 mm.
- The locking mechanism enables easier storage when the pliers are not in use.
