

Bolt cutters with interchangeable triangular cutting edges - 596PLUS/6G

Description

- material: cutters - special tool steel, drop forged, entirely hardened and tempered
- jaws exchangeable and adjustable in three position, entirely hardened and tempered
- tube steel handles, lacquered, heavy duty plastic handles

Advantages:

- extreme strength and minimum weight
- outstanding resistance to the maximum forces generated during cutting
- complete anti-corrosion resistance
- straightforward guidance and proper handling
- shock absorber for the prevention of injuries
- triangular blade - threefold longer service life

How to adjust the cutting edges?

1. Release the safety nut.
2. Take the screw out of the groove and turn it until there is no spacing between the cutting edges
3. Secure the safety nut.
