

Brush for cleaning disk brake shoes

2035

Usage

Profiles

[_\(/eng/support/warranty\).](https://eng.support.warranty)

Product features

- for cleaning brake disc shoes prior to installing new brake linings and other metal engine parts
- extremely narrow design for those hard-to-reach spaces
- Braking causes wear on the brake pads and brake lining material to accumulate in the brake disc shoe - this has to be cleaned when replacing brake pads. The narrow design of this tool allows it to be used to clean brake disc shoes and anything else that might require such cleaning.
