

Crown race setter

1683/5A

Profiles

Product attributes

The tool is used for installation of the crown race to a steerer tube of the fork. Tool consists of the tool body and interchangeable adapters in dimensions 1", 1.1/4", 1.1/8" & 1.1/2", which are to be used accordingly to the steerer tube's seat dimension. Adapters are designed to make crown race installation safe and not to damage the components. The tool is compatible with steerer tubes with length up to 380 mm. The tool is used in the combination with the hammer; we recommend Unior's Dead Blow Hammer 819A.

- material: premium plus carbon steel
