

MX PRO KIT TOOL SET

3700MX PROKIT

We designed and tested the **MX Pro Kit Tool Set** with the help of professional mechanics, on the most difficult routes and off-roads around the world. Extremely durable and functionally arranged pockets allow all the tools to always remain at their places. Extra blank space, however, allows you to arrange and add tools according to your own wishes and needs. Once we determined the final shape of the MX Pro Kit

Tool Set, we also chose set of tools and prepared a special kit together with the mechanics of the competition teams to measure up to their requirements and needs. We selected 107 pieces of tools suitable for mobile workshop, service or home craftsmen.

Content of MX Pro Kit suitcase

product name	quantity	dimensions

FORGE - Certified Quality

By drop forging steel and machining, we make forging parts for control mechanisms and gearboxes, supporting parts of chassis, components for drive shafts and sinter forging parts for the most renowned European and global makers of vehicles: VW, Audi, Renault, Dacia, BMW, ZF Lemförder & ZF Lenksysteme, Jtekt, GKN, Arvin Meritor, BPW, Schäffler KG, Betek and Cimos. Various certificates, tests and awards for excellence confirm the quality of forging parts made in Unior. Developmental Supplier With its highest quality sintered parts, Unior is classified among the most important suppliers to the systemic automotive industry. Products made by Unior are built into the steering wheel assemblies and gear mechanisms of prestigious makes of cars such as BMW, Audi, VW and Volvo. Unior also provides parts for fittings, sliders, rotors, casings for oil pumps, self-lubricating bearings and sleeves, stators and rotors for electric motors, gears, belt pulleys, connecting rods and flanges etc.

SPECIAL MACHINES - Automatic Metalworking

Unior mechanical equipment provides comprehensive solutions, ranging from the concept stage to the finished product. Besides specific CNC machine tools for the serial working of aluminium castings or forging parts, Unior also offers flexible production cells, machines for deep hole drilling, for working ends and for working chassis parts, machines with a rotary table and special purpose machines. Unior is a supplier of machines for renowned car manufacturers such as VW, BMW, Audi, Daimler etc.
