

Product Information – R185CCSX

Product Code: 027-0003 (EU)

Barcode: 0849713074508

Bullet Points:

1. Multi-material: 185 mm Japanese tungsten carbide tipped (TCT) blade included cuts steel, aluminium, wood with embedded nails, plastic and more
2. Powerful: 1600W hi-torque motor, optimised gearbox and blade system, increases motor & blade life to cut through a variety of heavy duty materials. Electric brake stops the blade in seconds for additional safety
3. Accurate: 0° - 45° bevel and 0 - 64mm adjustable cutting depth with ergonomic, soft grip handles provide maximum control, versatility and precision. Channelled air flow & base indicators ensure optimum visibility of your cutting line
4. Instantly workable finish: No heat & no burrs & virtually no sparks when cutting mild steel
5. R185-TCT blade, 1,020 mm track included

Description:

The Evolution R185CCSX circular track saw is perfect for trade or DIY users thanks to its powerful 1600 W motor and optimised gearbox that when combined with the Evolution R185TCT-16CS blade (supplied) can cut a variety of materials such as mild steel, aluminium, wood (even with embedded nails), plastic, copper, PVC and more. When cutting mild steel the saw produces a square, ready-to-weld cut with no heat, no burrs and virtually no sparks, far superior to abrasive cutting methods. The saw features an adjustable depth of cut from 0-64mm and 0-45° bevel capabilities for versatile cutting in any material.

The R185CCSX is supplied with 1020 mm track which is perfect for making straight cuts in long or sheet materials with ease. The saw is also compatible with the Evolution ST1400 and ST2800 tracks (sold separately). Advanced safety features such as channelled air flow and vacuum extraction port help keep the cutting line visible, whilst the electric blade brake and blade guard that closes in 0.4 seconds reduce the time the user is exposed to a spinning saw blade.

Features:

- Track Included - 3 x 340 mm track included to make long accurate cuts
- Premium TCT Blade – Long-life multi-material cutting TCT blade for smoother cuts
- Cleaner & Safer Working – Dust port adaptor for use with vacuum extraction

Compatible Tracks:

These saws have been developed to be compatible with most leading brand, circular saw tracks*

Technical Specification:

Machine:

Motor EU (220-240 ~ 50 Hz):	1600 W
Motor (110V ~ 50 Hz):	1600 W
No Load Speed (220v & 240v)	3900 min/rpm

No Load Speed (110v & 120v)	3700 min/rpm
Weight:	5.1 Kg
Max Blade Bevel Angle (Degrees):	45°
Power Cable Length:	3 m
Circular Saw Base Type:	Cast Aluminium
Cutting Track Compatible:	Yes
Cutting Capacities:	
Mild Steel Plate (Max Thickness):	3 mm
Mild Steel Box Section (Max Wall):	3 mm
Max. Cutting Thickness (0°)	64 mm (59 mm w/Track)
Max. Cutting Thickness (45°)	47 mm (42 mm w/Track)
Max. Cutting Thickness (60°)	N/A
Blade Specifications:	
Blade Diameter:	185 mm
Number of Teeth:	16
Bore Diameter:	20 mm
Kerf:	1.7 mm

Product Information – R185TCT-20CS

Product Code: RAGEBLADE185MULTI

Barcode: 0849713009883

Bullet Points:

1. Easily cuts mild steel, aluminium, plastic, wood and wood with nails
2. High grade carbide teeth, offer increased durability
3. High quality blade manufactured in Japan
4. 20 tooth configuration enables fast efficient cuts
5. 185 mm blade diameter and 20 mm bore diameter (For Evolution circular and chop saws only)

Description:

The R185TCT-20CS multipurpose blade allows Evolution saws to easily slice through steel, aluminium and wood even wood with nails. Featuring a hardened blade body, which ensures the blade runs truer for longer, TCT tooth configuration enables fast, efficient cuts and high-grade carbide teeth for increased durability. The R185TCT-20CS blade shows no weakness when facing the most robust materials and its versatility is unsurpassed. Only for use with Evolution circular and chop saws, please do not use on the R185SMS or R185SMS+ mitre saw.

Box Contains:

1 x R185TCT-20CS multipurpose blade (20 teeth)

Technical Specification:

Size:	185 mm
Max Speed:	3900 rpm
Bore:	20 mm
Kerf:	1.7 mm
Teeth:	20
