

Product Information – Rage 4

Product Code: 081-0008 (230v EU)

Barcode: 0849713040916

Bullet Points:

1. Utilises patented Evolution multipurpose cutting technology, optimised to cut steel, aluminium, wood and plastic with one blade
2. Cutting mild steel leaves an instantly workable finish, producing no heat, no burr and virtually no sparks
3. V-Clamp included for easy clamping of box section
4. RAGE 185 mm multipurpose TCT blade (20 teeth) included

Description:

Utilising patented professional RAGE technology, easily cuts steel, aluminium, wood (even wood with nails) and plastic, using just one blade. No blade changes, equals hassle free, fast and easy work. Features a hi-torque gearbox, which reduces motor stresses, improving performance and durability. The RAGE 4 out performs normal cutting saws. When cutting steel, it leaves an instantly workable finish, producing no heat, no burr and virtually no sparks, unlike alternative methods. Easier to use than a hacksaw, far more portable than a cut off saw.

No more need to tirelessly toil away with a hacksaw, the RAGE 4 leaves an instantly workable finish in a fraction of the time. Designed for electricians and plumbers, this incredible multipurpose saw can save you time and energy every single day. It produces a fast, ultra clean cut through armoured cable, unistrut and cable tray, as well as conduit, chrome, copper and plastic pipe, plus plastic hose. Fast action swivel clamp with solid steel jaws enables cuts to be made from 0-45 degree. Other features include a robust, durable base ideal when attacking metallic applications. Furthermore, the RAGE 4 is easy to transport, taking up little space whilst offering huge performance. Don't forget the Evolution DM185 diamond blade available for cutting stone, concrete and brick. With this accessory, the RAGE4 is the complete cutting package. The RAGE 4 is supplied with an R185-TCT multipurpose TCT blade (20 teeth) with a 185 mm blade diameter and 20 mm bore diameter.

Box Contains:

- | | |
|---|--|
| - 1 x RAGE 4 185 mm multipurpose chop saw | 1 x R185-TCT multipurpose TCT blade (20 teeth) |
| - 1 x Hex key 6 mm (vice adjustment) | 1 x Hex key 5 mm (blade change) |
| - 1 x Hex key 3 mm (upper blade guard) | 1 x Dust extraction port |
| - 1 x Rubber vice jaw protector | 1 x Speed handle |
| - 1 x Spare motor brush set | 1 x Instruction manual |

Technical Specification:

Machine:

Motor (230-240V ~ 50 Hz):	1250W
Motor UK (110V ~ 50/60 Hz):	1250W
Speed:	4500min
Weight:	8.7 Kg

Cutting Capacities:

Mild Steel Plate (Max Thickness):	6 mm
Mild Steel Box Section (Max Wall Thickness):	3 mm
Mild Steel Box Section:	45 x 45 mm
Mild Steel Round Section Tube (at 90°):	50 mm
Max Cutting Capacity (Wood 90°):	46 x 97 mm
Max Cutting Capacity (Wood 45°):	46 x 46 mm
Minimum Size Work-Piece:	152 mm

Blade Specifications:

Diameter:	185 mm
Bore Diameter:	20 mm
Max Blade Speed:	5000 min
Thickness:	1.7 mm

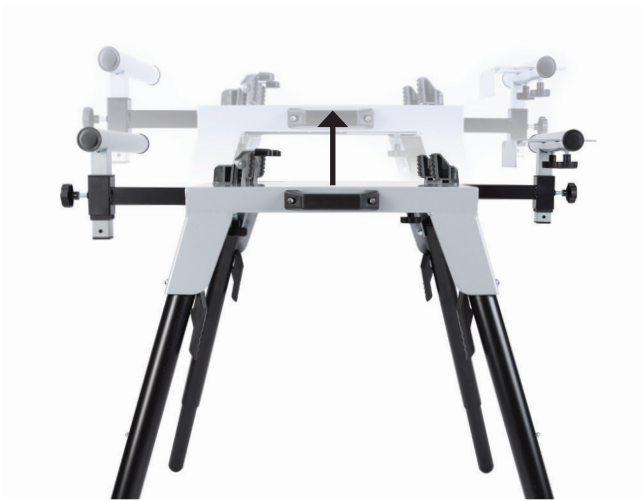

NEW **UNIVERSAL CHOP SAW STAND.**

Fits Most Leading Brands!

Unique clamping system is compatible with all Evolution chop saws and most other leading brand chop saws!

Height Adjustable Table

Telescopic legs with 5 height settings make it a perfect fit for any user in any workshop.

Extendable Support Arms

Left and right extendable arms support even the longest workpieces for accurate, safe cutting.

Height Adjustable Supports

Bespoke support for any saw and any material. Features a built in end stop for quick repeat cutting.

Collapsible Design

Easy to store and extremely portable with folding legs, retractable arms and a handy carry handle.

Quick & Easy Setup

Assemble in seconds with tool free adjustments, quick-lock pins & unique clamping system.
