

## Product Update – Rage 5-S

**Product Code: 057-0003 (230v EU)**

**Barcode: 0849713066985**

### Bullet Points:

1. Utilises patented Evolution multipurpose cutting technology, optimised to cut mild steel, non-ferrous metals, wood and plastic with one blade
2. Cutting mild steel leaves an instantly workable finish, producing no heat, no burr and virtually no sparks
3. Multifunction versatile table-top with integral quick-deploy table extension
4. Mitre gauge with an adjustable face-plate incorporates quick-access positive angle stops from -60 degrees to +60 degrees

### Description:

Utilising patented Evolution multipurpose cutting technology, the RAGE 5-S multipurpose table saw will easily cut steel, aluminium, wood and plastic using just one blade. The cut is fast clean and accurate, producing no burr and virtually no sparks when cutting steel. There is no heat build-up either, so the material is cool and can be handled straight away. This product gives the user an opportunity you cannot find with any other table saws. The RAGE 5-S features a powerful hi-torque motor, clear and precise angle settings for mitre and bevel cutting. Additionally, the blade height can be adjusted for cutting a variety of materials. Furthermore, the built-in wheels allow for easy transportation/portability and the folding stand allows for easy storage. The RAGE 5-S is supplied with a R255-TCT multipurpose blade (28 teeth), with a 255 mm blade diameter and 25.4 mm bore diameter.

### Box Contains:

- |  |  |                        |
|--|--|------------------------|
| – 1 x RAGE 5-S 255 mm table saw        | 1 x R255-TCT multipurpose blade (28 teeth) |                        |
| – 1 x Blade guard with extraction port | 1 x Dust extraction hose                   |                        |
| – 1 x Mitre gauge                      | 1 x Anti-bounce device                     |                        |
| – 1 x Adjustable rip fence             | 1 x Push stick                             |                        |
| – 2 x Blade changing spanners          | 1 x Assorted fixing bag                    | 1 x Instruction manual |

### Technical Specification:

#### Machine:

Motor (230-240V ~ 50 Hz):	1800 W
Motor (110V ~ 50Hz):	1600 W
Speed:	2500 min
Riving Knife Thickness:	1.8 mm
Cable Length:	1.5 m
Weight:	28.5 Kg
Weight Supported:	78 Kg
Max Angle Cut:	45°
Dimensions With Leg Assembly (H x W x L):	1050 x 750 x 940
Dimensions Without Leg Assembly (H x W x L):	880 x 730 x 330

**Type of Cut:**

Wood Rip/Cross Cut (0°): 83 mm  
Wood Bevel Cut (45°): 58 mm

**Rip Capacities:**

Left of The Blade: 305 mm  
Right of The Blade: 650 mm

**Cutting Steel:**

Mild Steel Plate - Max Thickness: 6 mm

## Product Information – 255mm (Fine Wood)

Product Code: FW255TCT-60

Barcode: 0849713090928

---

### Bullet Points:

- Designed specially to cut wood with a fine, splinter free finish
- 60 tooth configuration enables fast efficient cuts
- High grade carbide teeth, offering increased durability
- Hardened blade body ensures the blade runs truer for longer
- 255mm blade diameter and 20 mm bore diameter

---

### Description:

The best saw blade for perfectly smooth finishing cuts in wood. Loaded with 60 ultra-tough Tungsten Carbide teeth with ATB pattern and advanced face grind for a beautifully smooth cut with no splintering. The hardened steel body with expansion slots ensure this blade runs true and cuts accurately.
