

Product Information – Cutter Kit (3pc Short)

Product Code: CUTTERKIT3S

Barcode: 0849713024664

Bullet Points:

- High quality, precision tool
- Cyclone cutters can be heat treated up to 68 RC and retain tempered hardness
- Offers better economy, quality and performance
- Manufactured from fully ground M2 steel in the UK
- Includes 14, 18, 22 mm cutters plus pilot pin

Description:

The Evolution short series 3-piece cutter kit is the perfect addition to Evolutions magnetic drills. Included are 14 mm, 18 mm and 22 mm short cutters (25 mm) plus a pilot pin.

HSS M-2 annular cutters can be heat treated up to 64 RC, Cobalt annular cutters up to 66 RC, but Evolution Cyclone cutters can be heat treated up to 68 RC and still retain their tempered hardness. Evolution range of broaching cutter offer better economy, quality, performance and durability, allowing more holes cut compared to standard annular cutting bits.

Box Contains:

- 1 x Short cutter (14 mm)
- 1 x Short cutter (18 mm)
- 1 x Short cutter (22 mm)
- 1 x Pilot pin
- 1 x Cutter case
