

Product Information – Evo-System – Water Pump

Product Code: 014-0005

Barcode: 0849713036377

Bullet Points:

- Flow rate of 1,000 litres per minute
- Pump lift of 28 m
- Lightweight aluminium casing
- Requires Evolution Evo-System Engine to function
- 2 year limited warranty (only valid if purchased in the UK)

Description:

The Evo-System water pump is protected by a sturdy steel frame, which also enhances the pumps portability. The water pump features a 75 mm diameter inlet and outlet ports, and pumps up to 1,000 litres of water per minute. The perfect solution when you need to move water quickly and efficiently. Supplied with an inlet filter which helps prevent unwanted debris from entering the pump.

Please Note: The Evo-System Engine is required to operate any of the Evo-System outputs

Box Contains:

- 1 x DWP1000 Water Pump
- 1 x Instruction manual

Technical Specification:

Inlet & Output Diameter (Inlet Filter):	75 mm
Pump Lift:	28 m
Suction Height:	8 m
Flow Rate:	1000L/min
Max Solids:	8 mm
Weight:	10.7 Kg
Product Dimensions (H x D x W)	395 x 345 x 300 mm
Packaging Dimensions (H x D x W)	320 x 350 x 425 mm
